

Beehive basin tour

Date

Thu, 12/14/2023 - 12:00

Activity

Skiing

Toured up to the lake and dug at 9200ft west facing just up slope from the lake. Failure while trying to isolate the column for a etc on fist attempt. 2nd test was etcp1. Some collapsing while skiing across the flats. Three days ago in middle, had some huge surface hoar as well as big collapsing and cracking.

Region

Northern Madison

Location (from list)

Beehive Basin

Observer Name

Shane Gordon Knowles
