Code
Latitude
45.36900
Longitude
-111.17500
Notes

From youtube comment: "Sooooo many pin wheels coming down in the Gallatin canyon today on my way home from work. I was driving and couldn't get a full look, but half way through the canyon, it looked like a whole, relatively small, slope slid, maybe propagated 50-75ft on the west facing side of the road."
